

EUDIGIT and TheMayor.EU – effective project dissemination

8 October 2020, Sofia

About www.TheMayor.EU

- An information portal, dedicated to the municipalities in the European Union
- An extensive database presenting innovations and best practices at the municipal level
- A one-click gateway to the latest news and smart solutions from cities across Europe

What we do:

- Promote the best practices from the municipalities in the EU
- Publish daily about cutting-edge innovations introduced by the European cities
- Showcase how the latest technological innovations can help solve everyday challenges

Who follows www.TheMayor.eu :

- **Mayors and representatives** of local and regional governments
- **EU representatives**
- **Business representatives** – tech companies offering smart solutions for cities, digitalization, clean transport, etc.
- **Citizens of the EU and beyond**

TheMayor.EU's role in EUDIGIT

- **Communication and dissemination** of project outcomes, calls for participation, etc.
- **Event participants** – inviting 70 people across all events (target groups, stakeholders), covering travel expenses
- **Organisational support** – providing aid to all project partners
- **E-books** after each seminar
